

GEORGIA'S FRIENDS

HOPE HEALS

Each woman
suffering from addiction
affects at least 16 people in
her personal circle of family,
friends, and employers.

GEORGIA'S FRIENDS

HOPE HEALS

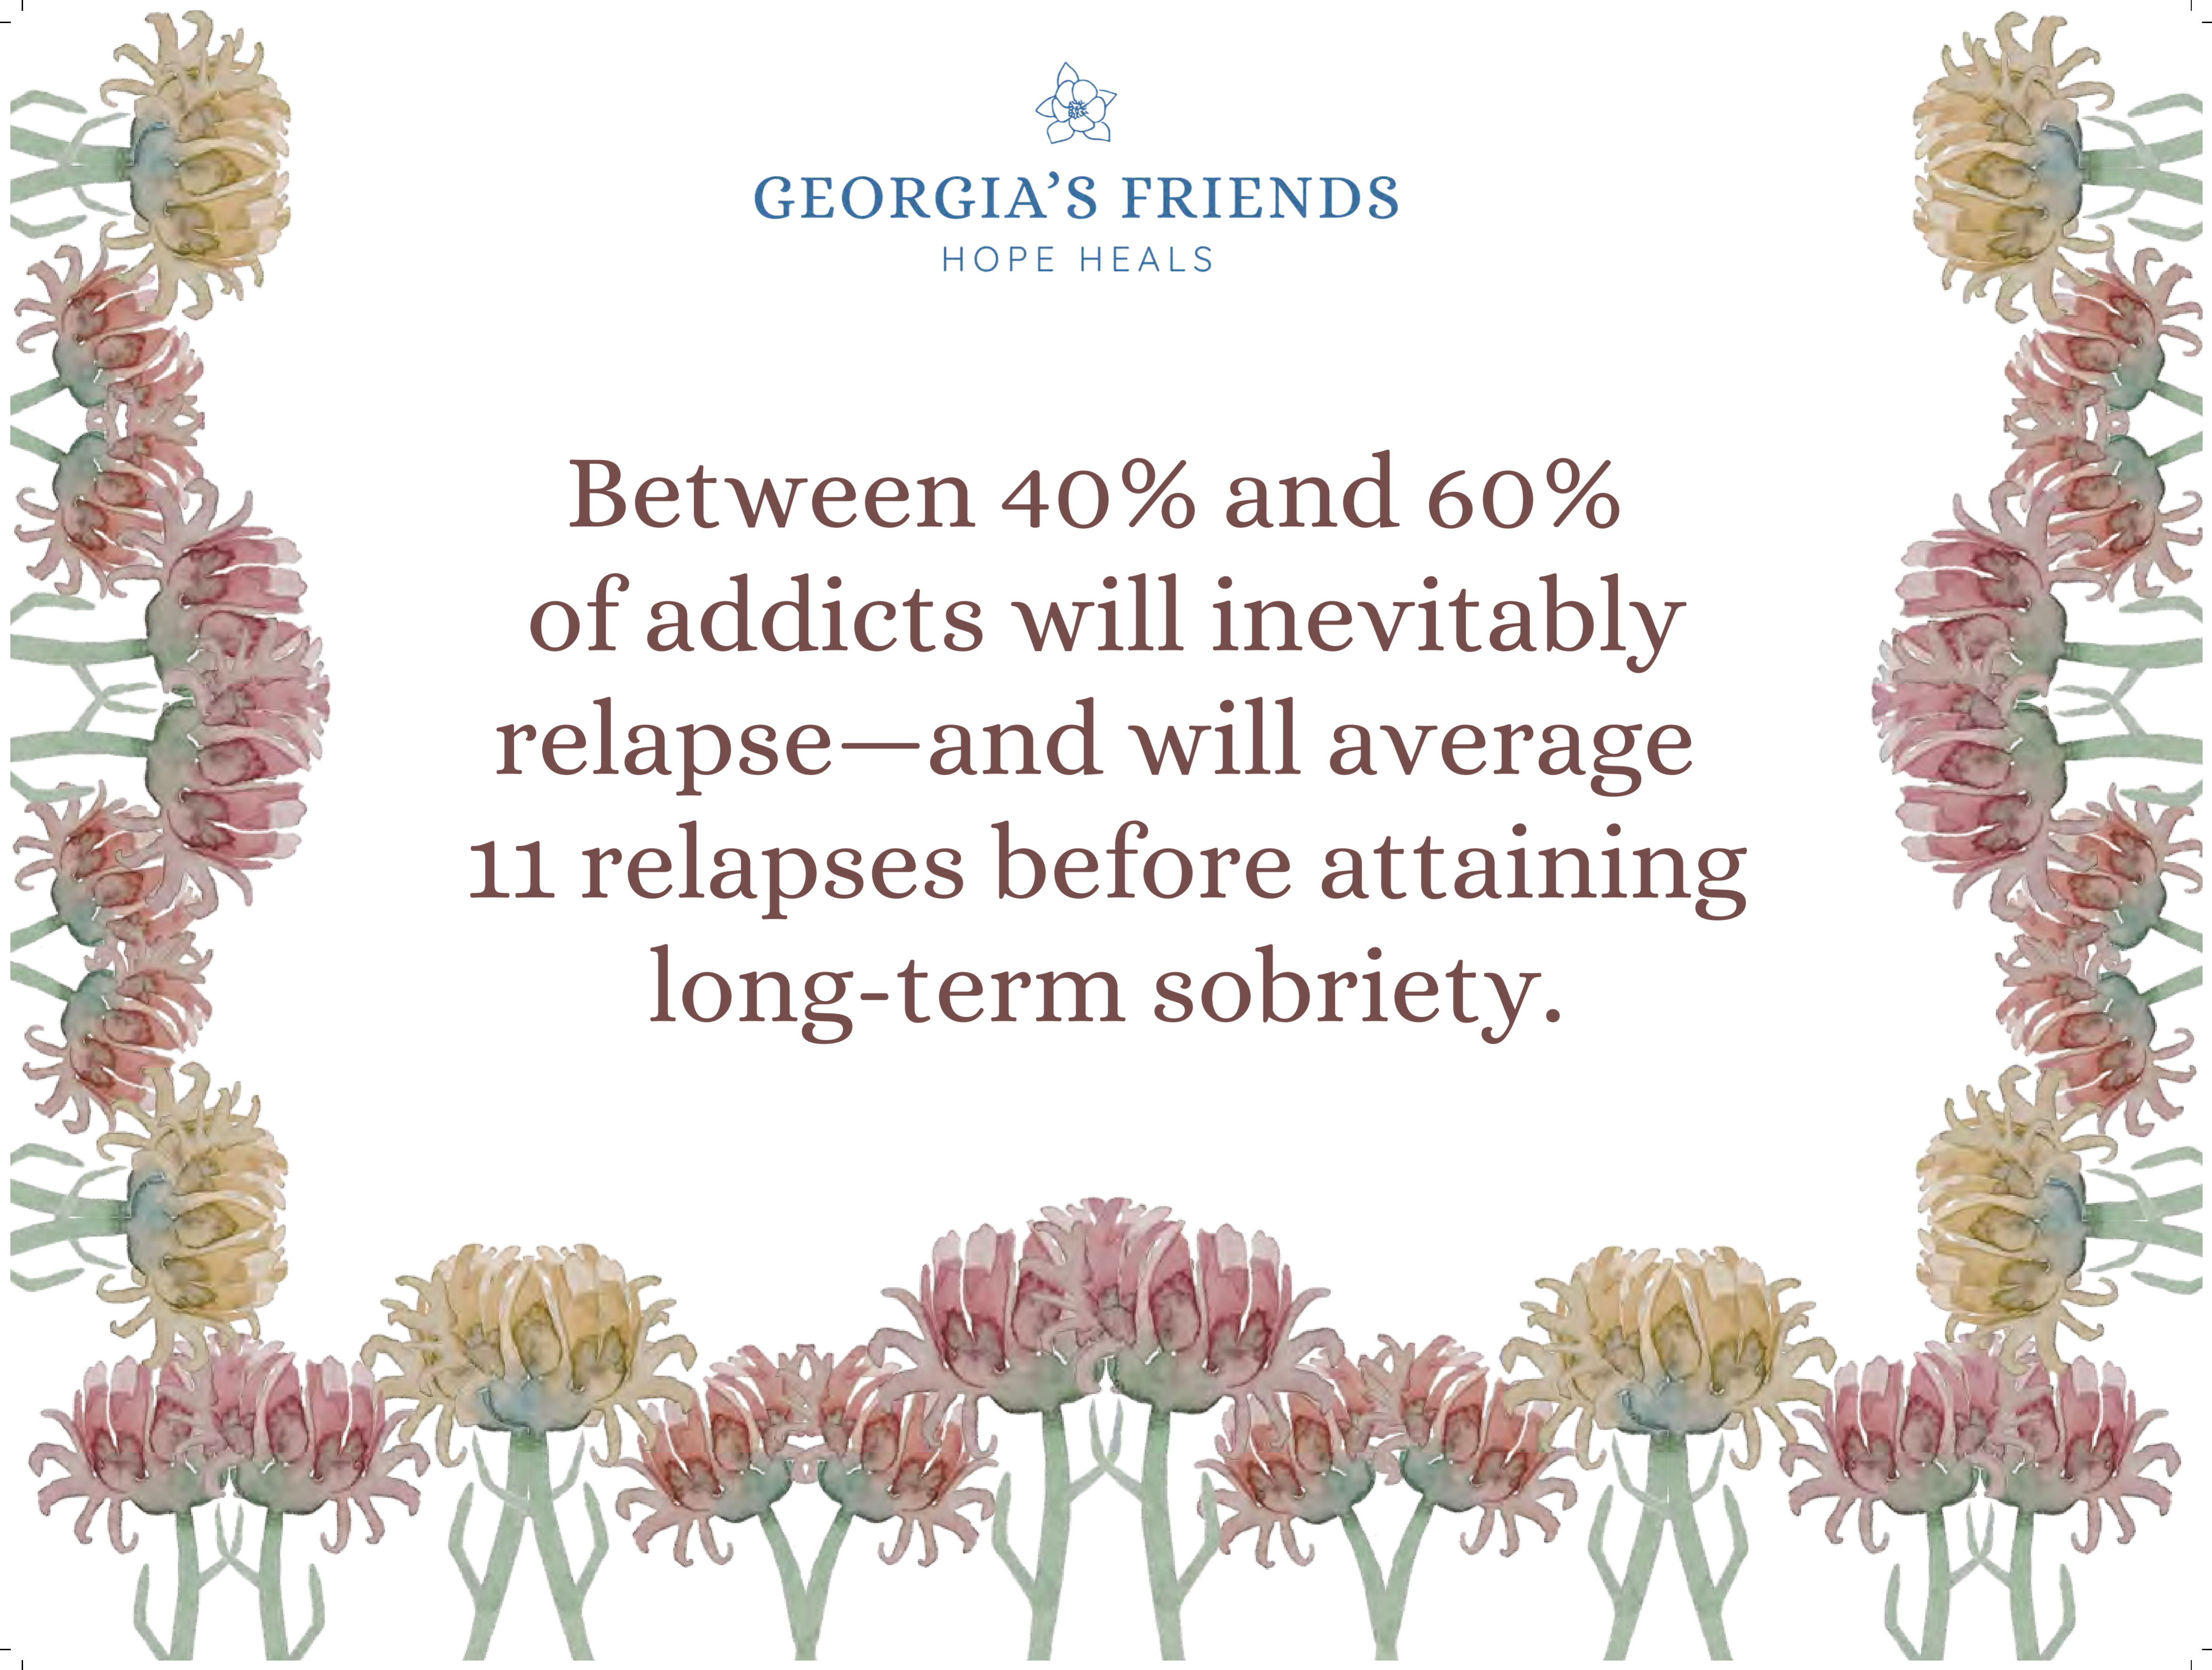

23 million Americans are currently addicted to alcohol and/or drugs—but only about 10% receive treatment.

GEORGIA'S FRIENDS

HOPE HEALS

Between 40% and 60%
of addicts will inevitably
relapse—and will average
11 relapses before attaining
long-term sobriety.

GEORGIA'S FRIENDS

HOPE HEALS

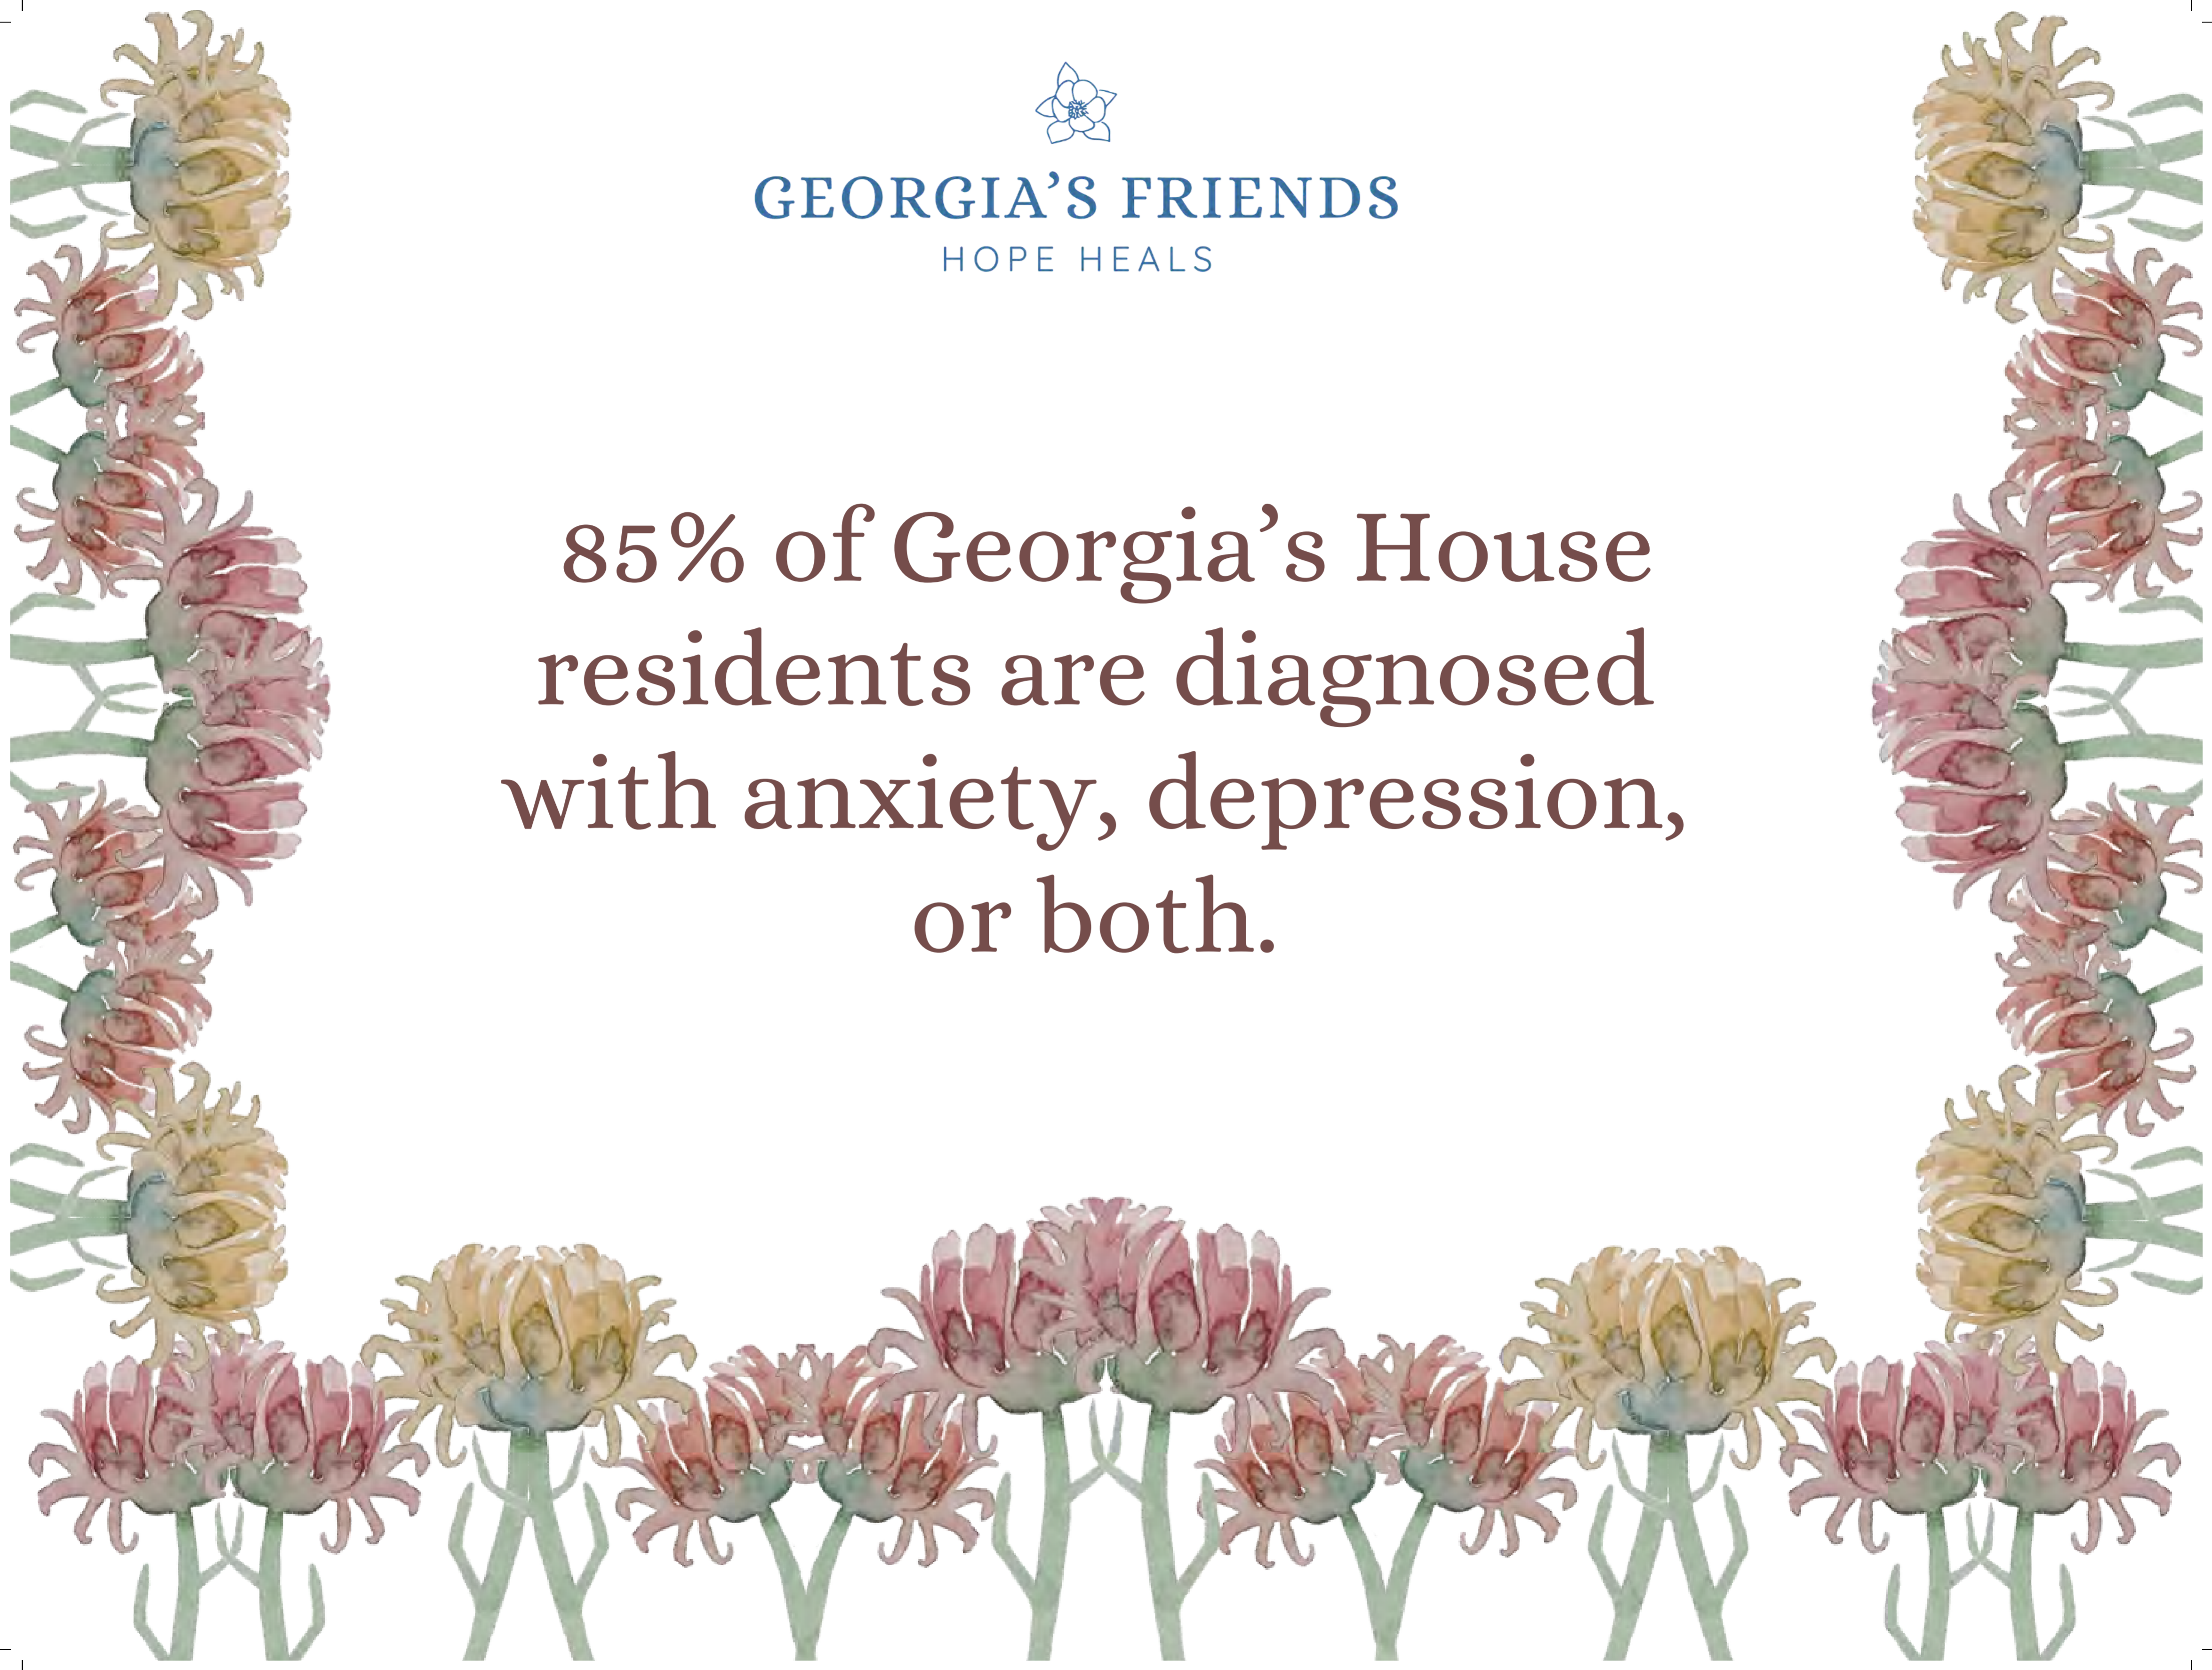

Since the beginning of the pandemic, fatal overdoses in Virginia reached their highest numbers ever, increasing 41.9% over 2019—higher than the national average.

GEORGIA'S FRIENDS

HOPE HEALS

GEORGIA'S FRIENDS

HOPE HEALS

A substance use disorder
significantly increases
suicidality among women.

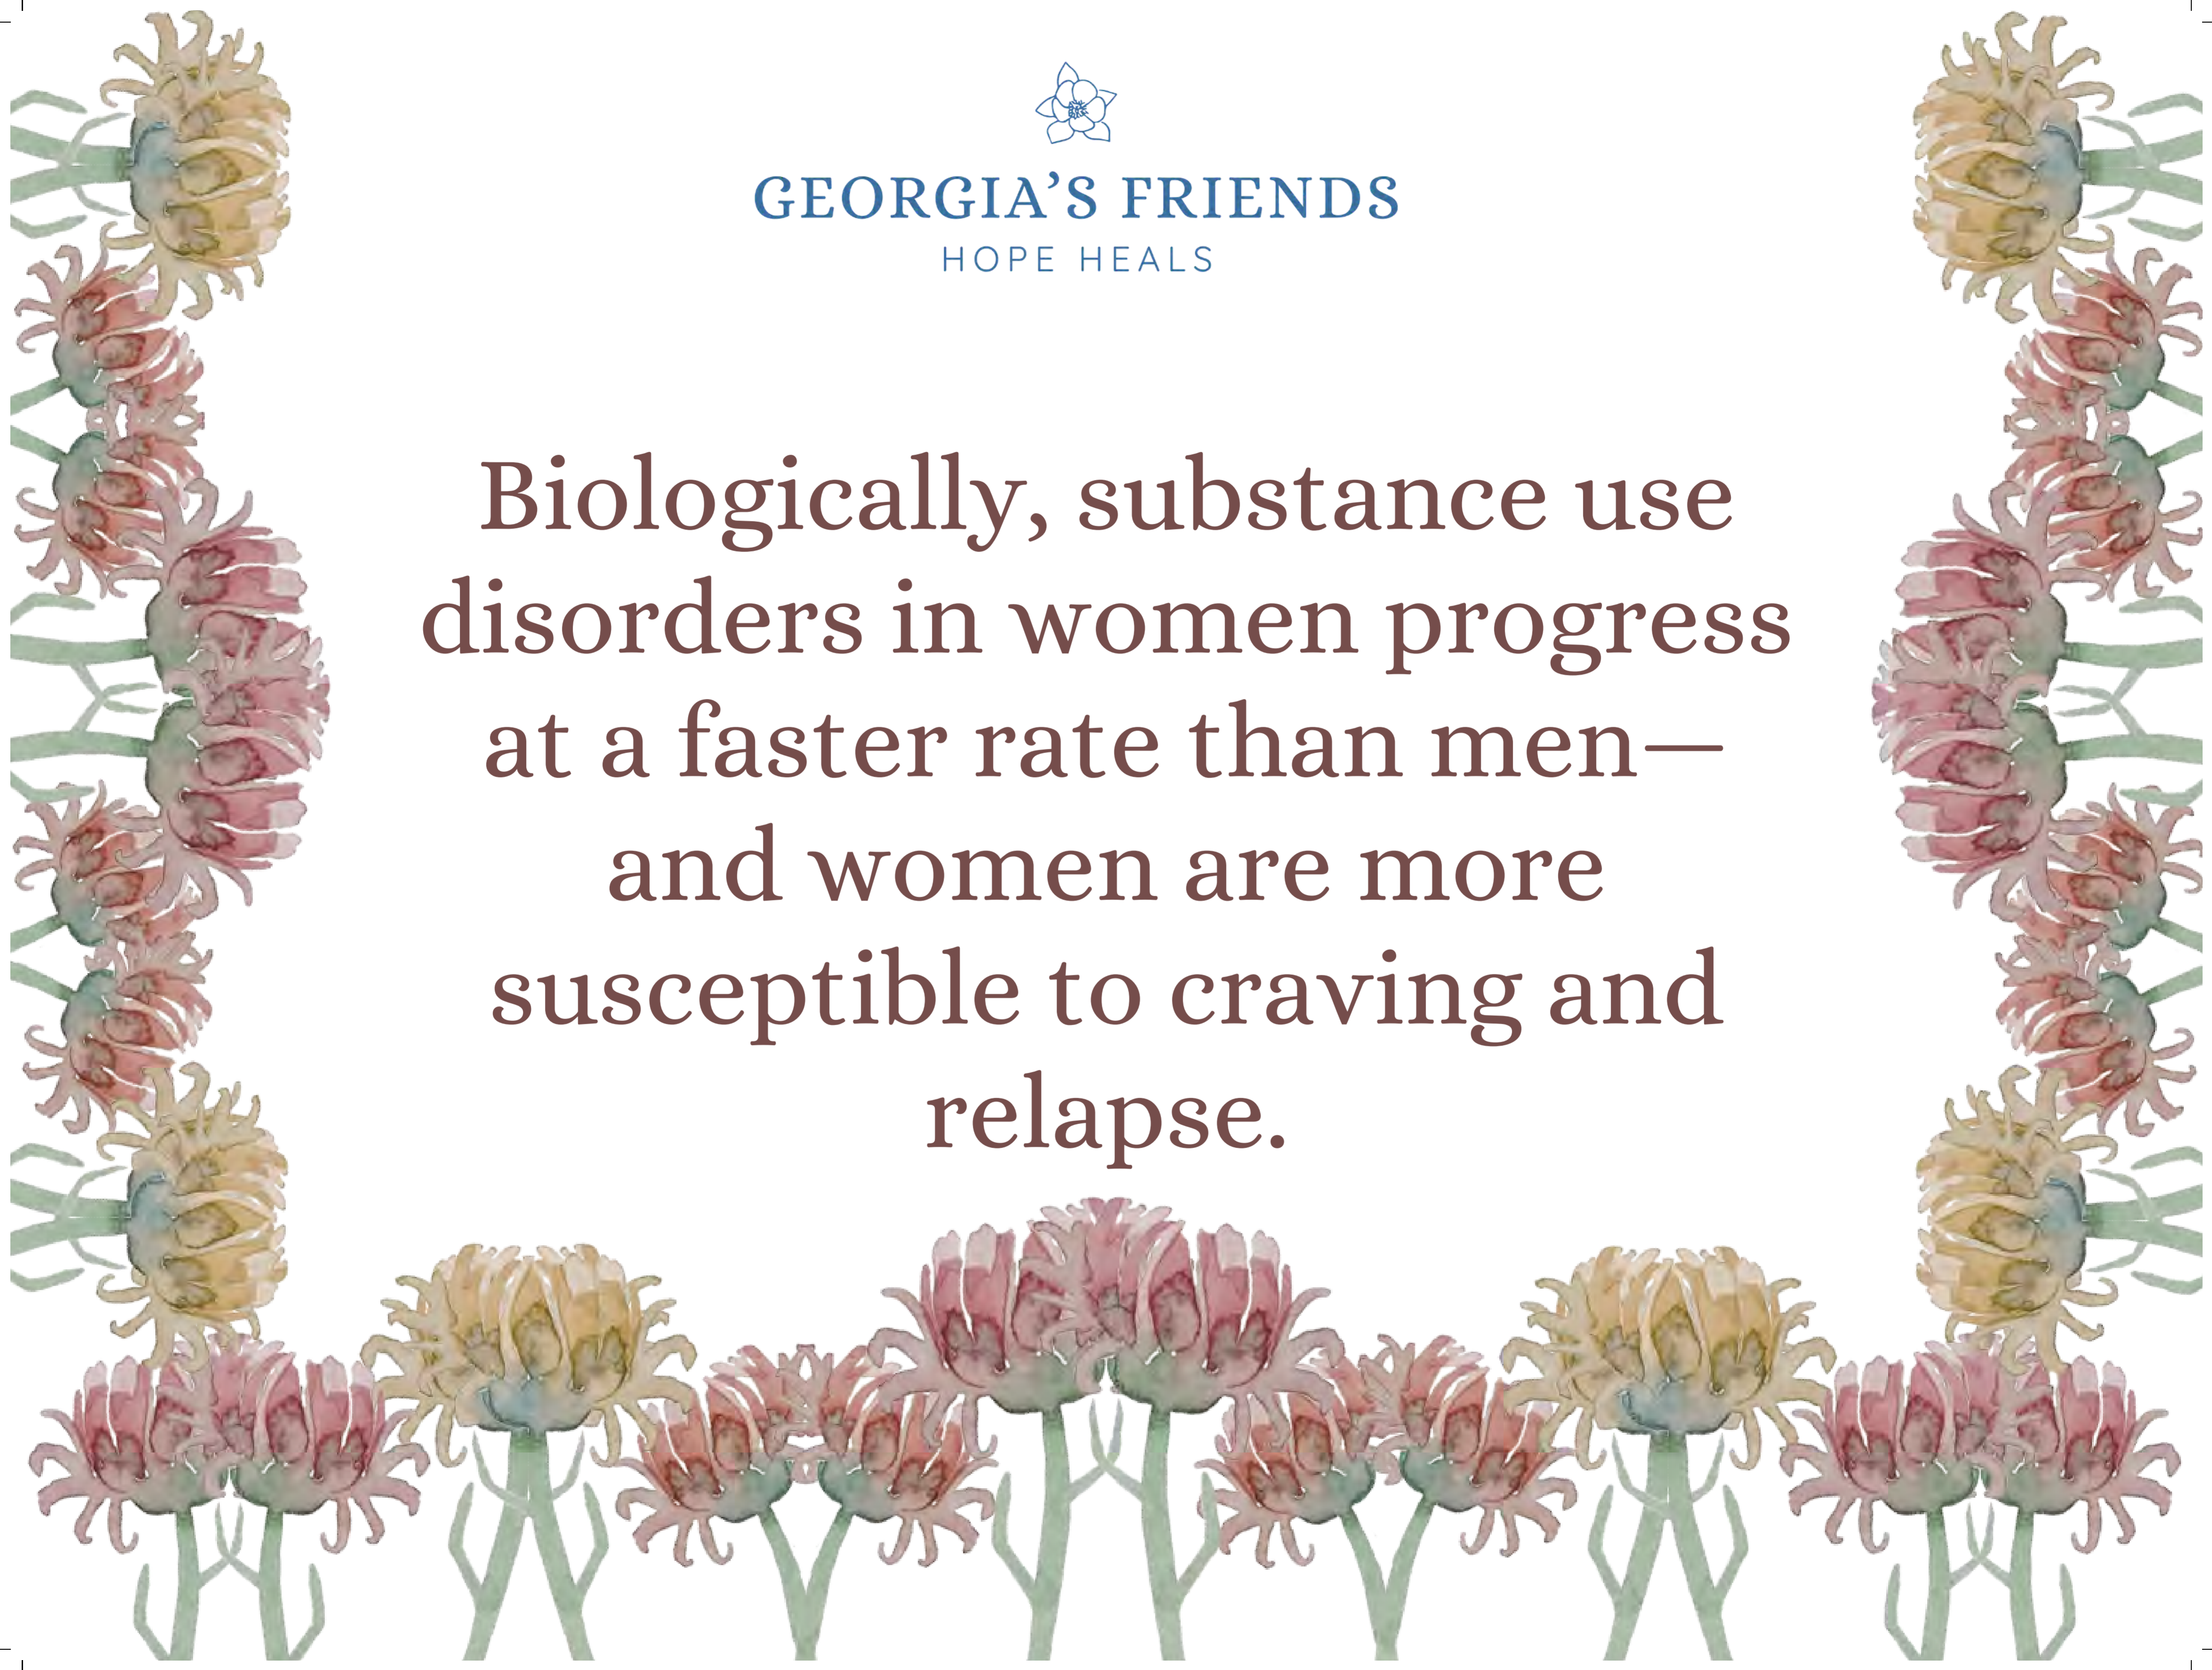

GEORGIA'S FRIENDS

HOPE HEALS

Biologically, substance use disorders in women progress at a faster rate than men— and women are more susceptible to craving and relapse.

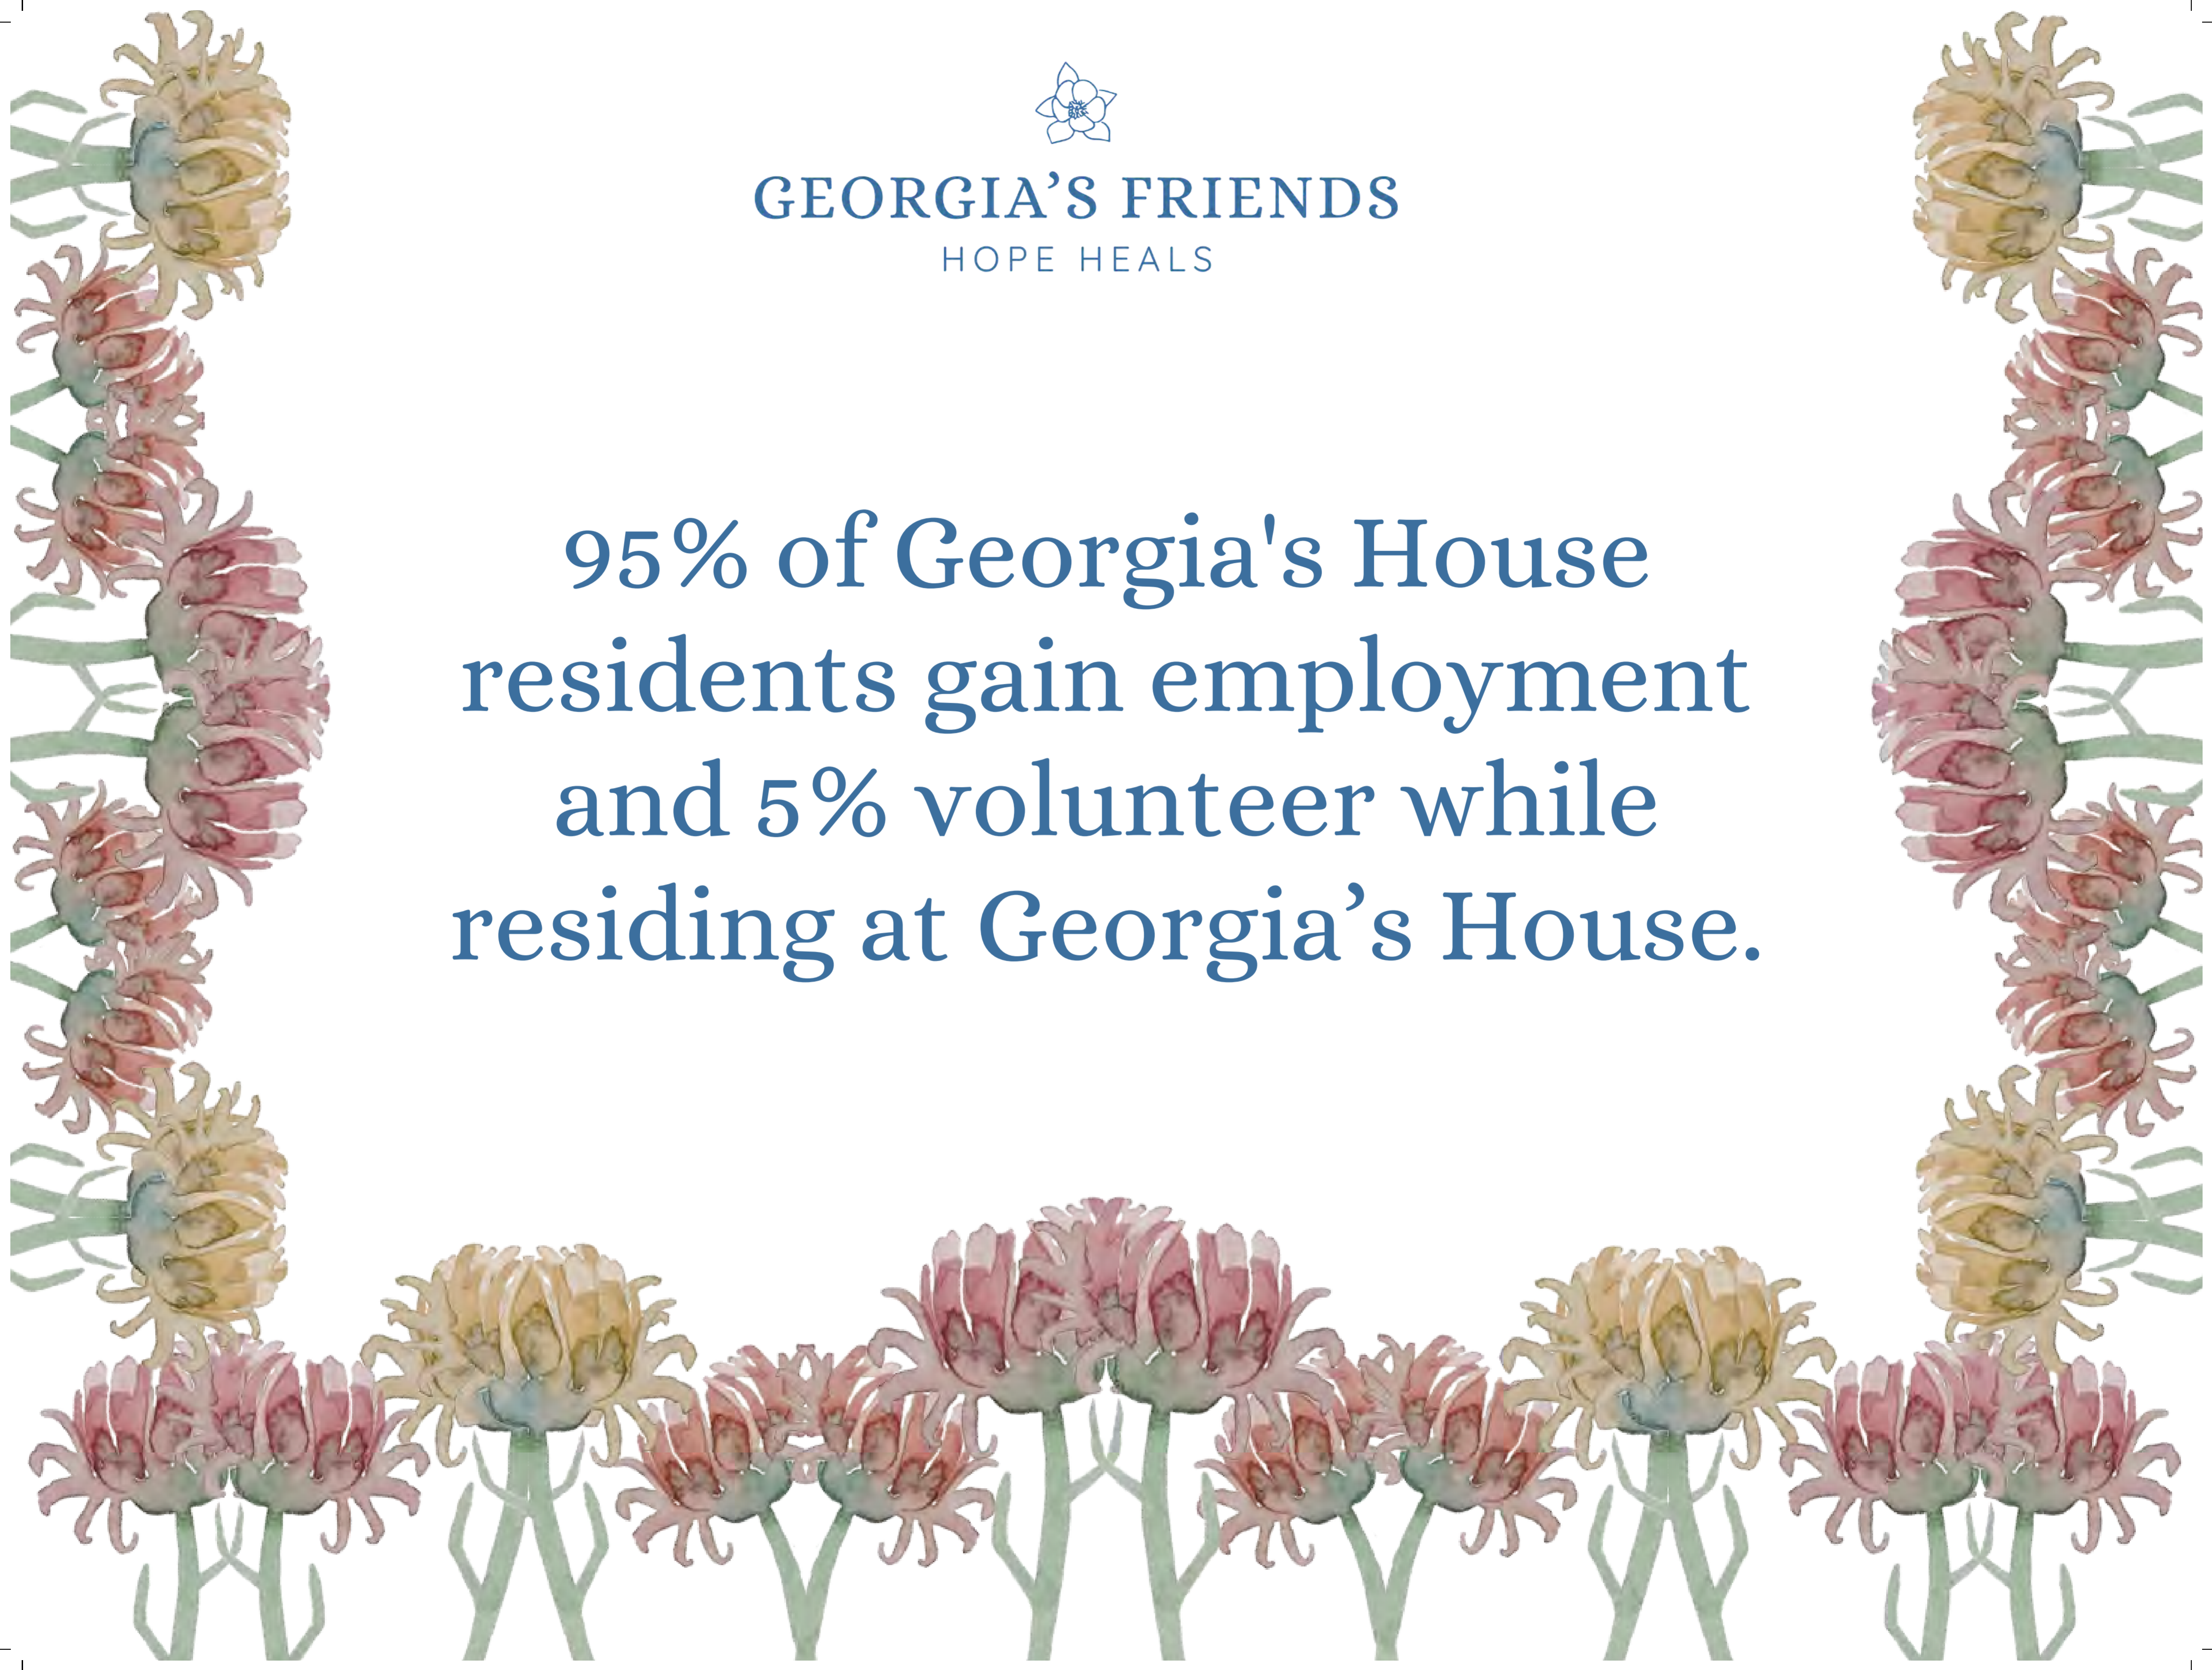

GEORGIA'S FRIENDS

HOPE HEALS

95% of Georgia's House
residents gain employment
and 5% volunteer while
residing at Georgia's House.

GEORGIA'S FRIENDS

HOPE HEALS
